

ClassDojo

Class Dojo Photograph and Video Permission

Your child's teacher will be using Class Dojo, a behaviour management tool for the classroom. It helps you easily stay connected with your child's classroom. No information about a child's progress and/or behaviour would ever be shared on Dojo.

Class Dojo has a shared area where you can read important class announcements and updates and see photos and videos from the class. There is also a 'School Story' area where you will be able to see updates and reminders in relation to the whole school.

To access the App, please visit <https://www.classdojo.com/download/> and follow the download instructions. You will require a 'Class Code' to view your child's class and this will be provided by the class teacher.

Please indicate below if you give permission for photos and videos of your child to be shared.
